## STAINLESS STEEL CABLE TIES

Stainless steel cable ties are ideal for bundling and securing cables, wires and assemblies even amidst extreme temperatures and severe environmental conditions.

These cable ties are well suited for marine, waste water treatment plants, chemical and food facilities, hospitals, paper mills and heat exchangers. The self-locking mechanism allows for quick and easy installation.

To fasten, simply insert the tail into the buckle. The internal locking ball rolls freely as the stainless steel cable tie is tightened. These cable ties offer a tensile strength of 100 lbs or 250 lbs and resist corrosion.

An installation tool is available for tightening and cutting off the excess tail.

When placing your order, please specify the following items (part numbers can be found below):

- Tensile Strength
- Length
- Quantity

Tensile Strength	Length							
	5"	8"	11"	14"	21"	27"	33"	42"
100 LB	5" Bundle Dia: 1.3 IMP-100-5-SS	8" Bundle Dia: 1.97 IMP-100-8-SS	11" Bundle Dia: 2.99 IMP-100-11-SS	14" Bundle Dia: 4.00 IMP-100-14-SS	21" Bundle Dia: 6.14 IMP-100-21-SS	27" Bundle Dia: 8.15 IMP-100-27-SS	33" Bundle Dia: 10.10 IMP-100-33-SS	42" Bundle Dia: 12.00 IMP-100-42-SS
250 LB	8" Bundle Dia: 1.97 IMP-250-8-SS	11" Bundle Dia: 2.99 IMP-250-11-SS	14" Bundle Dia: 4.00 IMP-250-14-SS	17" Bundle Dia: 5.31 IMP-250-17-SS	20" Bundle Dia: 5.93 IMP-250-20-SS	40" Bundle Dia: 12.30 IMP-250-40-SS	47" Bundle Dia: 14.00 IMP-250-47-SS	60" Bundle Dia: 18.00 IMP-250-60-SS

Part Number Example: IMP-100-5-SS = 100 LB, 5", Stainless Steel
